

## Module 1 – Lesson Prep

**Step 1** Measure down 7" from the middle of the waist tape of the dress form and place your style tape at that level from center front to center back. You can measure the distance using a ruler and the tabletop.

## Module 1 – Lesson Prep

**Step 2** Establish the desired length of your flared skirt, beginning from the middle of the waist tape.

## Module 2 – Muslin Preparation &amp; Marking Guidelines

**Step 1** On your muslin, measure down the desired length of the skirt plus 5" and tear across the full width of the muslin. My fabric is Step 50" wide. Create another piece the same as the first.
