

Founded by a fashion designer and former FIT professor, the **UNIVERSITY OF FASHION** (universityoffashion.com) brings an entire fashion school to your living room. The site offers professionally-produced video tutorials from beginning to advanced in the foundational disciplines of sewing, draping, pattern making, fashion art, and product development, all taught by seasoned designers and fashion professionals, as well as a “Fashion Connections” section with supplemental lectures on various industry topics. A handful of free lessons are available; purchase a monthly or annual subscription for full access.
